

Lids For Kids 2019-2020

AmVets Post 44 Ladies Auxiliary are excited to share with you a recycling program which will result in the creation and placement of **Buddy Benches** around schools!

Buddy Bench is a simple idea to eliminate loneliness and foster friendship throughout the school.

For every 500 pounds of recyclable lids/caps collected, Green Tree Plastics will produce a Buddy Bench for a school. Start collecting and dropping off those lids to us now!!

*****Please count the number of lids/caps and place your name and the number of lids/caps on the outside of the bag when you drop them off at AmVets Post 44.**

See below for the list of acceptable lids and caps!!

Medicine bottle caps

Milk jug caps
