

Lucky Chair

Game is **EVERYDAY** at 1pm, 4pm and 7pm.

- Any member/bar guest that would like to participate must be seated before the drawing, in any chair in the canteen. All chairs have been numbered.
- The bartender on duty will draw only ONE time for the “lucky” chair number.
- If no one is sitting in that chair number, do not draw another number.
- Whoever is sitting in the chair with the corresponding number will win a free drink.
- The free drink will be whatever the guest normally drinks. No doubles unless that is what they drink on a regular basis in the canteen.
- Bartender on duty will ring in the drink and use discount code Lucky Chair Number. It has been added to the discount list.

Tell **EVERYONE** about our new Lucky Chair game and give them the times for each drawing. This could help us get a few more people to hang out a little longer for drawing times. Please let me know if you have any questions.
